

Nook HD

Barnes and Noble Tablet
Quick Reference Guide

One on One Appointments are available and they are FREE!! Call Beth 260-244-5541 to schedule a free appointment today!!

Charging Your Nook HD

You must charge your NOOK before using it the first time.

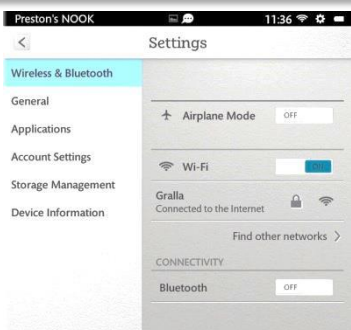

Plug your NOOK into a wall outlet using the Power Adapter and 30-pin Cable included with your device.

You can use your NOOK while it charges.

The charging indicator light on the bottom of your device will show orange when charging and will turn green when the battery is full. It takes approximately 3 hours to charge your NOOK.

Note: To charge your NOOK, you must plug it into a wall outlet. Your NOOK will not charge when connected to a computer.

Connecting To WIFI

Connecting your Nook HD to WIFI is done through your settings. Just like other tablets you want to make sure the WIFI is turned on and you have selected the WIFI network in the area you are trying to retrieve. Once connected you should not need to reconnect each time you come to a location where you have access to WIFI before. It should automatically connect.

Downloading Apps

Nook Home Button

To visit the Nook store:

1. Connect to WIFI
2. Press the Nook Button to display your Home Screen.
3. Tap the shop Icon
4. Swipe to scroll through Channels and categories
5. Search the Nook store, tap to display an on-screen keyboard
6. Once your Barnes and Noble account is set-up, you can make purchases with a tap of a finger
